Summary	Passionate and results-driven Computer Science undergraduate at Majmaah University hands-on experience in full-stack web development. Skilled in TypeScript, React, Node.js, and modern cloud platforms like AWS and GCP. Proven ability to build responsive, user-focused applications through personal and collaborative projects. Strong foundation in software engineering principles, system design, and API development. Actively seeking a junior developer or internship position to contribute to innovative teams, grow technical expertise, and solve real-world challenges using clean, scalable code.
